

Redemption Page for Zapier 90 Days Free Offer

With Zapier, you can create automations called Zaps, set up in minutes with no coding needed. Each Zap has one [app](#) as the Trigger, where your information comes from and which causes one or more Actions in other apps.

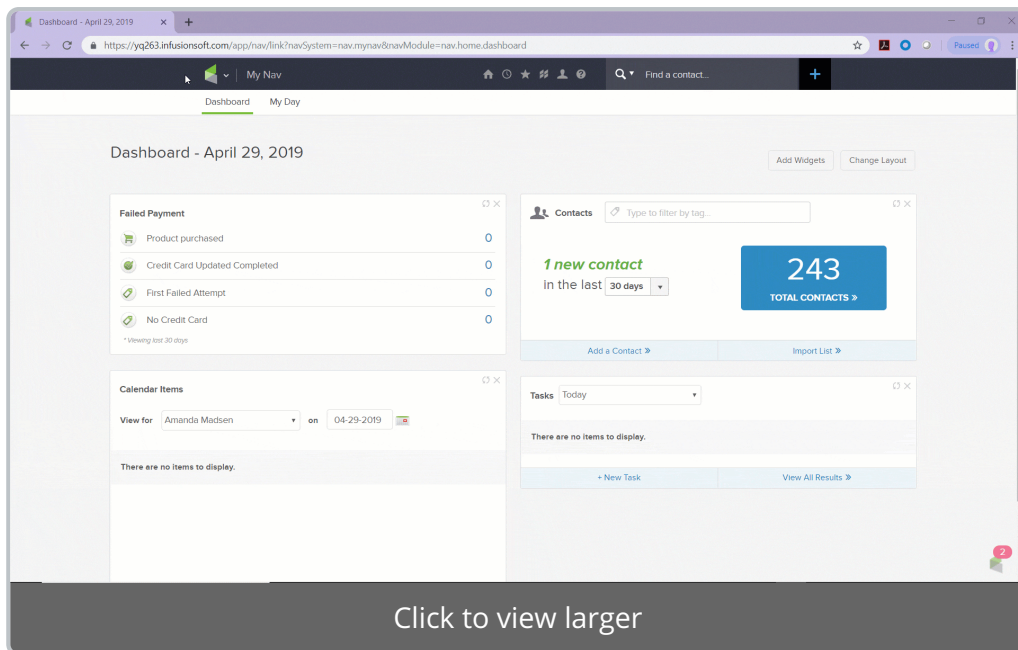

Bring all of your apps together, and manage it all in Infusionsoft by Keap. Try Zapier free for 90 days, which provides you unlimited zaps.

After initial setup you will receive an email from Zapier with a button to activate your extended 90 day free trial. **Note:** Infusionsoft is a premium integration and requires a paid plan after the 90 days

1. Click the main Navigation dropdown > CRM > Click "Zapier"

2. On the Zapier page you are offered a free 90 day trial offer for new Zapier customers

Note: At the bottom you can locate the technical support for Zapier integrations.
