## Create an API Goals

API Goals in campaign builder are ways to connect your app integrations to your campaign sequences. Configure your API goal, then connect the goal to a sequence. For an example, check out how to create custom API goals when using the BigCommerce integration

1. Drag an API goal onto the canvas

| Ŭ                      | _                    |                     | 1  |  |   |       |    |  | - |  |
|------------------------|----------------------|---------------------|----|--|---|-------|----|--|---|--|
| Task<br>completed      | Opportunity<br>Stage | Note applied        | Ŀ. |  |   |       |    |  |   |  |
|                        | moved                |                     | ÷. |  |   |       |    |  |   |  |
| 6                      | API                  | Ð                   |    |  |   |       |    |  |   |  |
|                        |                      |                     |    |  | • | (API) | ÷. |  |   |  |
| .ead Score<br>achieved | API                  | WordPress<br>Opt-In |    |  |   | 3     |    |  |   |  |
| $\overline{\bigcirc}$  |                      |                     |    |  |   |       |    |  |   |  |
|                        |                      |                     |    |  |   |       |    |  |   |  |
| Landing                |                      |                     |    |  |   |       |    |  |   |  |

2. Optional: Double-click the name below the icon to customize it.

| - | - |  |  |     |             | -      | -      |      | - |  |  |  |
|---|---|--|--|-----|-------------|--------|--------|------|---|--|--|--|
|   |   |  |  |     |             |        |        |      |   |  |  |  |
|   |   |  |  |     | $\otimes$   | p requ | lired  |      |   |  |  |  |
|   |   |  |  |     |             |        |        |      |   |  |  |  |
|   |   |  |  | Add | AP<br>ed to | Memb   | ership | Site |   |  |  |  |
|   |   |  |  |     |             |        |        | ·    |   |  |  |  |
|   |   |  |  |     |             |        |        |      |   |  |  |  |
|   |   |  |  |     |             |        |        |      |   |  |  |  |

3. Double-click it to configure

| 8   |  |
|-----|--|
|     |  |
| API |  |
|     |  |

4. Configure the API goal. The **Integration** and **Call Name** can be anything you want, or they values will be provided to you by the 3rd party app developer.

|     | Configur     | e API   | ×    |  |
|-----|--------------|---|------|--|
|     | This goal is | achieved by making an API call. Click here to learn more. |      |  |
|     | Integration  | СН  |      |  |
| •   | Call Name    | Add   |      |  |
| •   |              |   |      |  |
| ite |              | Cancel  | Save |  |
|     |              |   |      |  |

5. Connect the API goal to an active sequence and test your API call

|   |  |     |         | Ready |        |      |  |            |         | Ready   |       |  |  |  |
|---|--|-----|---------|-------|--------|------|--|------------|---------|---------|-------|--|--|--|
|   |  |     |         |       |        |      |  | <b>≻</b> ∙ | -       | $\odot$ | -     |  |  |  |
| • |  | Add | ed to I | Memb  | ership | Site |  |            | Untitle | d Seq   | uence |  |  |  |
|   |  |     |         |       |        |      |  |            |         |         |       |  |  |  |
|   |  |     |         |       |        |      |  |            |         |         |       |  |  |  |

6. For more information about our REST API, please see our documentation, here
