

Landing Pages - Managing Color

To add or change the color of a section, a specific element, etc

1. Click it the section or element

2. You'll have the option to configure the color in the panel to the right of the page

3. You have the option to:

- Choose a color from the pallet by simply clicking a color icon
- Change a color on the pallet, but hovering over a color icon and clicking the **Edit** button.
- Click the **Add Color** button to add a new color to the pallet.
- **Clear Color** will reset the color of the element.
